Institutional Distinctiveness

The institutional vision-mission, aims-objectives, priority and thrust is to educate student teachers who are able to compete globally. To achieve its goal, the institution is committed to provide best infrastructural facilities and opportunities to the student teachers.

The institution provides opportunity for exposure to utilize audio visual aids by conducting ICT workshop where they learn to create videos using power point slides. The institution emphasises on effective use of language laboratory and simulating teaching practice to develop communication skills in them.

Bharatpur

The institution tries to inculcate administrative qualities by their involvement in various administrative committees, house tournaments. The mentoring system adopted by the institution helps in developing discipline, mutual cooperation and respect in them.

The institution also makes student teachers aware of their responsibilities towards the society. They are engaged in social activities by their active participation in rallies, nukkad natak to bring awareness in the society.

Apart from the curriculum, the institution tries to produce student teachers having good citizenship qualities. The institution provides opportunity to its student teachers to visit “APNA GHAR ASHRAM” near Bharatpur, where they interact, share and empathise with the helpless, homeless people.
